Education

University of Washington - Seattle, WA

Expected June 2028

Bachelor of Science in Computer Science

Relevant Coursework

- Computer Science I–III (Java)
- Discrete Math & Logic
- Data Structures & Parallelism
- Linear Algebra

Technical Skills

Languages: Java, Python, C++, Typescript, HTML/CSS, R

Frameworks & Tools: React, GraphQL, NumPy, Pandas, scikit-learn, TensorFlow, PyTorch, Insomnia, Git, Figma

Experience

Microsoft Explore Intern

Jun 2025 – Sep 2025

Redmond, WA

- Working in the Microsoft AI Organization, created a Copilot-powered web extension end-to-end.
- Collaborated in a pod of 3 to build a React/TypeScript feature sending GraphQL requests to a Copilot-integrated API.
- Tested and validated API endpoints in Insomnia, optimized queries, and streamlined data handling to cut payload sizes and improve load speed by 25%.

Break Through Tech AI Fellow

May 2025 – Present

Remote

- Selected as 1 of 1,000 fellows nationwide for a Cornell-backed ML program.
- Developed ML solutions across 100+ hours of training, mastering the full ML life cycle.
- Applied deep learning concepts to computer vision and NLP tasks, incorporating cross-validation, feature selection, and fairness principles.

Pinterest Engage Scholar

Nov 2024 – Present

Remote

- 1 of 31 students in a national tech development program with Pinterest.
- Completed 8+ technical workshops and 4 mock interviews with Pinterest engineers.
- Sharpened problem-solving abilities by completing 50+ LeetCode challenges, increasing algorithm efficiency and accuracy.

Microsoft Discovery Intern

Jul 2024 – Aug 2024

Redmond, WA

- Designed UI/UX prototypes in Figma during the product design phase.
- Collaborated with mentors and peers to explore user-centered design.

Projects

Personal Portfolio Website

2024

HTML/CSS/JavaScript

GitHub Pages

- Built and deployed a personal site with animations, navigation, and accessible UI.
- Designed responsive layouts and ensured cross-device compatibility.

Extracurriculars

Co-President, Collective Youth Program

2024 – Present

Seattle, WA

Lead tech workshops to empower BIPOC students pursuing careers in tech.

Student Engagement Lead, A Vision for Engineering Literacy & Access

2024 – Present

University of Washington

Facilitated and developed materials in leadership, identity, and academic development seminars.
